Your cycling tour starts at our office in Luang Prabang, where you'll get a warm welcome and a personalized bike fitting before we hit the road.

First, we'll pedal to Wat Xieng Thong, one of the city's most revered and beautiful temples. Then, we'll cycle through peaceful villages and lush rice paddies, taking in the serene countryside on our way to the stunning Kuang Si Waterfall.

Once there, you can take a refreshing dip in the turquoise pools and relax in the tranquil surroundings before we head back to town in a comfortable minivan.
